Letter No D3 616/48 dt 17-1-49 from the Dy Comr Mysore dt. Requests for a Grant of Rs 23,350 out of the water supply Grant for the year 1948-49 towards the Govt share of the Annual Maintenance charges of the Nanjangud water works for the years 1946-47 & 47-48 so that the transaction made by the Dcc in drawing the grants may be regularised and also requests that the quota payable by the Nanjangud Town Mcl may be fixed

1) In para 3 of the D.c's letter it is stated that the sum of Rs 23,539 (Rs 16,610 for 46-47 & Rs 16,895 for 47-48 over above has been paid towards the A.M.C charges of the Nanjangud water works The Mcl quota to be paid for those two years amounts to Rs 9956 after deducting the Mcl quota, the amount payable by Govt over & above works out to Rs 23,539

2) In Para 4 of the letter, the D.c has requested to sanction a sum of Rs 23,350 from out of the water supply Grants for 48-49

3) The figure Rs 23,350 seems to be a typographical error for Rs 23,539

The financial Condition of the Nanjangud Town Mcl

Letter no S3.616/48-49 dy 3 10-49 from the Dy Commr, Mysore forwarding a report on the matter

23) The report received from the Dy Commr, Mysore dt is submitted for perusal.

24) When the water works at Nanjangud was transferred to the Sanry Engineering Deptt, the Govt in their order no L 8435-7/mc 110 39-81 dy 2-4-40 have ordered that the cost of the maintenance over & above what was being incurred annually being debited to the "water Supply Grant" every year and that further improvement that may have to be effected to the water supply, the mcy should be agreeable to meet the cost in full or in such proportion as Govt may fix from time to time

25) Accordingly, the A M C charges over & above the fixed quota, viz, Rs 4978/- were met by Govt out of the water supply Grants till the end of the year 1945. The Dy Commr, Mysore states that on the same basis, the bills for 46-47 received from the Dept, Town mc cl were Countersigned and sent for adjustment

26) In this Connection kind reference is invited to this office letter no L 13977 dy 18-6-46 to the Dy Commr, Mysore dt. was informed that the mc cl may be advised to make necessary provision in the budget estimates

A to Charges Ramanagar water works.
7168 ∫ 2376/L

of the mcp in this behalf from the year 1946-47, in view of the fact that it is the obligatory duty of the mcp to meet from out of its funds, the recurring expenditure on such works & that they should try to fall back on their resources, as in the case of other mcp's in the State.

27) The Dy Comm, Mysore DC, further states that by the time the go ros @ w 432-5/48-19-46 "D & D 8 7-47 & @ w 8157-60/w 5 25-47-2 D. 7" 24-2-48 directing that the entire cost amounting to Rs 23,539 for the years 46-47 & 47-48 might be met by the ~~Govt~~ mcp & the bills for Govt grants were received had been received & returned to the DDA after countersignature

28) In view of the poor finances of the mcp and the heavy loan taken from the Govt towards the water supply scheme to the town & the loss of income by non sanctioning the levy of Pilgrim tax, the Dy Comm, requests a reconsideration of the orders of Govt in the matter

16/10

29) No Town or municipal council is given a grant from the Govt to meet annual maintenance charges of recent water supply ~~schemes~~ installations in

A. M. Charles - Navy and Waterworks

2376 Miles. It is the obligatory duty of a Pilot to meet the charges on account of the supply of water to ships citizens. under the Statute

"V" 30) for the year 1940. Sanction was accorded for the transfer of Rs maintenance of Navy and waterworks works to the Bureau of Naval Engineering, the cost of maintenance whereof is very much less than being debited to the waterworks grant every year on this basis the M.C.C. paid only a lump sum of Rs 4970/- out of its funds towards the A.H. charges the balance being met by the Navy Department entirely upto the end of 1945-46 the first the estimates for A.H. charges of the water works are being examined in Govt. P. W. Deptt.

"D" 31) During the year 1946-47, the estimate was for Rs 16,885 for first grant of Rs 11907/- has to be given. Since the continuance of the arrangement would create an inconvenient precedent it was considered necessary to advise that arrangement should be made for the entire charges being met out of its funds.

A/c charges - Rampachod water works

2376

"J" But these directions from the Govt were not given effect to at all and - in spite of the definite orders of Govt that the entire maintenance charges be met by the ~~Govt~~ mfg during 1946-47 a total sum of Rs 23535 has been drawn as grant from the Govt towards the maintenance charges when asked to report this amount to the Govt ~~the~~ the -violation of the MC is pleaded & the D.C states that the orders of Govt were received after the bills had been recd & returned to the President with Countersignature. This plea is certainly unacceptable & unconvincing as no bill could be sent or Countersigned unless there was a Govt order sanctioning the annual maintenance charges

39) The point now is that the amount of Rs 23535/ has been drawn & adjusted ~~wrongly~~ MC is unaffected by the same It was not correct with part of the D.C to have countersigned the ~~bills~~ bill in the very in spite of the definite orders of Govt in the matter. The amount now drawn ~~cannot be~~ may be permitted to be utilized in more specific ways as on the subject, as such, with the direction that ~~not~~ after from 1948-49, the entire A.M. charges should be met out of the MC funds & no portion thereof could be paid out of Govt the State

Steps taken

No.D3.616/48

OFFICE OF THE DEPUTY COMMISSIONER,
Mysore District,
Dated, Mysore the 17th January 49.

From Mh. 61-48-57

SRI. GEORGE MATTHAN, B.Sc.,
Deputy Commissioner,
Mysore District, Mysore.

To

JANAB. MIR SARDAR HUSSAIN, B.A.,
Secretary to Government,
General Department, Bangalore.

Sir,

Subject - Arrears due on account of the maintenance charges of the water supply works at Nanjangud Municipality.

I have the honour to forward herewith a copy of letter dated 11-1-49 received from the President Town Municipal Council, Nanjangud on the above subject and to state as follows.

2) The president has stated that according to G.O. No.L.8435-Ml 110-39-81 dated 2-4-40 the Municipal Quota towards the maintenance of the water supply works at Nanjangud has been fixed at Rs 4978/- per year which is not subject to any variations irrespective of the fact that the estimate is revised or not and that the estimated amount over and above the fixed municipal quota was being met by Government till the end of 1945-46 He has further stated that Government in their order No.L.11229-32 Ml 70-45-8 dated 16-4-46 have accordingly accorded sanction to the grant of a sum of Rs 16556 from out of water supply grant for 1945-46 towards the Government share of A.M. charges for the years 1944-45 and 45-46 as contemplated in the G.O. dated 2-4-40.

3) The Municipality has paid on the above basis, its fixed quota of Rs 4978/- towards the A.M. charges for the years 1946-47 and 47-48 and the balance of the estimated cost over this fixed Municipal Quota have been drawn as Government grant for these two years. But the Sanitary Engineer Bureau of Sanitary Engineering Bangalore has

has intimated that while sanctioning the A.M charges for 46-47 and 47-48 for Rs 16885/- and 16610/- respectively, Government have ordered that the entire cost be met by ~~Government~~ Municipality and that therefore the sum of Rs 23539/- drawn as Government grant for these two years may be got refunded to Government as the same is drawn contrary to Government Order The Municipal President has represented that the Municipality is not in a position to bear the entire cost of the A.M. charges on account of its slender resources and that therefore the Government be requested to accord sanction to a suitable grant to meet the Government share of the cost over and above the Municipal Quota fixed as per Government Order 2-4-1940 referred to above.

4) In the circumstances I request that you will be so good as to obtain necessary sanction of Government for a grant of Rs 23350/- out of water supply grant for the current year towards the Government share of A.M charges for the years 1946-47 and 47-48 so that the transaction made by the President in drawing the grants may be regularised and that the Municipal Quota may be fixed as contemplated in G.O. dated 2-4-40.

Yours faithfully,

for DEPUTY COMMISSIONER,
MYSORE DISTRICT.

TMK/3.

Copy of letter dated 11-1-43 from the President, Anjangud Municipality to the Deputy Commissioner, Mysore District, Mysore

---

Subject - Arrears due on account of the maintenance charges of the water works of the Municipality

---

I write this to state that as per Government Order No.L.8435/M L 110-39-81 dated 2-4-40 the Municipal Quota towards the maintenance of the local water works is constant by Rs 4978/- and the same is not subject to variation irrespective of whether the estimate is revised or not

Accordingly the estimated amount over and above the fixed quota was being met from Government till the end of 1945-46 vide Government No L 11229/32 M L 70-45-8 dated 16-4-46 conveyed from the ffice of ~~the Office of~~ the Deputy Commissioner in Deputy Commissioner's Memo No 10 2/45-46 dated 8-5-46

The Municipality paid its fixed quota of Rs 4978/- for the year 46-47 and also for the year 47-48 and the Deputy Commissioner counter signed for the rest of the amount While Sanctioning the estimate for 46-47 and 47-48 the Government ordered that the entire cost of W M charges should be met from the Municipal funds

The Sanitary Engineer in his D O No 333 dated 29th September 43 writes to me to say that this sum is drawn contrary to Government order and the amount drawn as Government ~~draw~~ grant had to be refunded to the Treasury subsequently on its receipt of a separate Government Order regularising the transaction already made has to be obtained

I may be permitted to inform you that the slender resources of the Municipality does not admit of meeting the entire cost of W M charges There was a heavy drain on the Municipal funds due to the revision of the scales of pay and the Municipality undertook a number of original works which were the absolute needs of the town however the Municipality in its budget has shown Rs 4978/- as Municipal charges and the Government have sanctioned the budget

Under the circumstances narrated above I request you to kindly address the Government to regularise the transaction by giving sanction to the amount which has been drawn as Government grant and turned over the funds of W D

Further I write this to request you to kindly make recommendation to the Government to this Municipality may be permitted to meet its fixed quota of Rs 4978/- annually as per the original Government order in view of the financial position of this Municipality

Comptroller

By order

for Secy to Govt

Extract from the represertation dated 27th May 1949 by the President and the Members of the Nanjangud Town Municipal Council to the Minister for Local Self Government, Bangalore.

Annual Maintenance ~~fixx~~ charges of Water Works - We beg to state that as per Government Order No L 8435/ML 110-39-81 dated 2nd April 1940 the Municipal quota towards the maintenance of the local water works is constant viz , 4,978/- and at the same time it is not subject to variation irrespective of whether the estimate is revised or not

This Municipality is accordingly paying its fixed quota of Rs 4,978/- every year till the end of 1947-48 and the amount over and above this sum was being drawn as Government grant on bills countersigned by the Deputy Commissioner, Mysore District and transfer credit is given to P W D (Sanitary Department) as noted in the margin

46-47 Rs 11,907/-	Deputy Commissioner's memo No D 3 c 10/45-6 dated 29 3 47	Credited on 5 4 47 to 17 (a) P W D Deposits(Sanitary Department)
47-48 Rs 11,632/-	Deputy Commissioner's memo No N Dis D E 3C 2392/47-8	Credited on 26 12 47 to 17 (a) P W D Deposits Sanitary Department
Rs 23,539/-		

Now the Sanitary Engineer is demanding repeatedly the payment of amount drawn as Government grant and paid to P W D during 1946-47 and 47-8 from the funds of the Municipality as withdrawal of the amount as Government Grant is not covered by Sanction

The A M Charges for 1946-47 and 1947-48 drawn as Government Grant is a sum of Rs 23,539/- and we are unable to understand how this Municipality is able to pay that large amount

This Municipality is not in a position to meet the entire A,M Charges To make position very clear, it may stated that the Municipality will be drained to the last pie if the revised Government Order is pressed to its conclusions

In addition to this, the Municipality has to pay a sum of Rs 1,25,500/ as loan with interest at 4/- per cent per annum sanctioned by Government in their order ~~for the continuance of the payment of the fixed quota of Rs 4,978/-~~ No L 14458-8-/Ml 45-46-55 dated 13 3 48 towards the High Level Reservoir Scheme Under the circumstances narrated above, I request you to kindly order for the continuance of the payment of the fixed quota of Rs 4,978/- per annum as usual till the financial position of the Municipality is improved and the loan which is granted for the High Le/

Resorvoir scheme is discharged

GENERAL SECRETARIAT 2376 OCT 1949

No D3 616/48-49.

OFFICE OF THE DEPUTY COMMISSIONER,
Mysore District,

Dated, Mysore the 3rd October 1949

To

SECRETARIAT OF GENERAL ... No ... Date 6/10

Janab Mir Safdar Hussain, B A.,
Secretary to the Government of Mysore,
General Department,
Bangalore

Sir,

Subject - Arrears of A.M Charges of Nanjangud Town Municipality

With reference to your letter No. L 592 E dated 15th July 1949 on the above sunject, I have the honour to forward herewith a copy of letter No H C 82/49 dated 2nd August 1949 received from the President, Town Municipal Council, Nanjangud and to state as follows -

As desired in your letter No. L. 12792/M1.61-48-53 dated 4th May 1949 the President, Town Municipal Council, Nanjangud was requested to adjust the arrears on account of A M, charges of Water Works outstanding against the Municipality But the Municipal Council have submitted a representation to the Minister for Local Self Government in this behalf requesting that this may be permitted to pay the fixed quota of Rs 4978/- per annum as usual as per Government Order dated 2nd April 1940 till the financial positio of the Municipality is improved and also the loan taken from Goverment towards the construction of High Level Reservoir, is discharged and a report is now called from Government on this representation

When the maintenance of the works at Nanjangud was transferred to the Bureau of Sanitary Engineering, Government in their Order No L. L 8435-7/M1 110-39-87 dated 2nd April 1940 have ordered that the cost of maintenance over and above what was being incurred annually being debited to "Water Supply Grant" every year and that for further improvements that may be have to be

be effected to the water supply, the Municipality should be agreeable to meet the cost in full or in such proportions as Government may fixed from time to time. Accordingly the A.M. charges over and above the fixed quota viz., Rs 4978/- were ordered to be met by Government out of the "Water Supply Grants" till the end of 1945-46. On the same basis the bills for 46-47 were also received from the President, Town Municipal Council and they were countersigned and sent from this office for adjustment But Government in their Order Nos. P.W.432-5/48-19-46 "D" dated 8th July 1947 and P W.8157-60/W S 25-47-2 dated 24th February "Z" 1948, sanctioning the estimates for Rs 16,885/- and Rs 16,610/- towards A M charges for the years 1946-47 and 1947-48 respectively have directed that the entire cost might be met by the Municipality But by the time the above orders were received in this office, bills for Government grants had been received and returned to the President after countersignature The Sanitary Engineer has now requested that the sum of Rs 23,539/- drawn as Government share of cost may be refunded as this is not covered by Government sanction Government in their order No. L 12792/M1 "R" 61-48-53 dated 4th May 1949 have directed that arrears outstanding may be adjusted before the end of June 1949 But the Municipal Council are pleading their inabilkty to pay the same on account of their poor financial position.

In this connection I may add that the circumstances and the conditions on which the management of the Water Works was transferred to Bureau of Sanitary Engineer and circumstances in which the order dated 2nd April 1948 directing that the cost of maintenance over and above what was being incurred annually were ordered to be met by Government were passed are not known. These may perhaps be available from the records filed in Government.

Further the Municipality was getting considerable income from the levy of pilgrimage tax and when this was abolished, the Municipality have lost income to that extent On the representation of the Municipal Council in the matter of levy of this tax again, Government in their order No L 14271/M1.137-47-2 "E" dated

dated 2nd March 1948 have directed that in view of the recent increase in rates and fares on the Railways, the question may lie over for the present Presumably the Government previously ordered that a portion of A.M.charges be met out by Government to compensate the Municipality for loss of pilgrim tax.

In the circumstances I request that you will be so good as to reconsider the request of theMunicipal Council with reference to the available records in your office and to obtain necessary orders of Government in the matter especially as - Municipality is losing lot of income by non-levy of pilgrim tax and as the heavy A M charges are due particularly to the fact that Nanjangud is an important pilgrim centre

Copies of the Government Orders referred to above are enclosed for favour of ready reference.

Yours faithfully,

for Deputy Commissioner,
Mysore District.

Subject:- Arrears of A M Charges of Water Supply in Nanjangud

---

With reference to your letter No. D3 616/48-49 dated 30th July 1949 on the above subject, I have the honour to state as follows

As per G.O.No.L 8435-7/M1 110-39-81 dated 2-4-40 conveyed with your office memo No.D3 1132/39 dated 23-6-40 the sanction was accorded to the transfer of the maintenance of the Nanjangud Water Supply Works to the Bureau of Sanitary Engineering with the direction that the cost of maintenance over and above what is being incurred annually now, being debited to "Water Supply Grant" every year.

According to this procedure, the annual maintenance charges of Rs 4,973/- was being credited to the Sanitary Department the amount over and above this sum was being met out from Water Supply Grant till the end of 45-46 (Vide G O.No. L. 11229-32/M1 70-45-3 dated 16-4-46 conveyed with your office No. D3 C 10-2/45-6 dated 8-5-46

Similarly a bill for Rs 11,907/- for the Government Grant for the year 46-47 was submitted and was sanctioned by the Deputy Commissioner in Memo No.D3 C 10/45-6 dated 29-3-47 and this was given transfer credit to P W D Deposits on 5-4-47 But the G.O.No. P W 432-5/W S 19-46 dated 8-7-47 sanctioning the estimate for Rs16,885/- with the direction that the entire cost being met by the Municipality was received only on 15-7-47 by which time the Government grant for ~~XX~~ 46-47 had already been drawn and credited to Sanitary Department (vide Deputy Commissioner's Memo No.D3. C 10/ 45-6 dated 14-7-47

This Government Order was placed before the Council meeting held on 31-7-1947 and the Council resolved that the Municipality is not a position to meet the entire cost and to ~~XXXX~~ continue the present system Accordingly a report was submitted to your office with this office No.H C 82/47-48 dated 26-8-47.

A bill

A bill for Rs 11,632/- being the Government Grant for 47-48 was countersigned as per Deputy Commissioner's Memo No.D3. C 2392/47-8 dated 3-12-47 and given transfer credit on 26-12-47 as per original G.O.No.No.L 8436-7/M1.110-39-81 dated 2-4-40. But G.O.No.P.W.8157-60/ W.S.26-47-2 dated 24-2-48 conveyed with No.D3.16480/48-8 dated 27-4-48 sanctioning the estimate for Rs 16,610/- for the year 47-48 with the direction that the entire cost to be met by this Municipality was received only on 28-4-48 after the bill was countersigned and given transfer credit. The above are the circumstances under which the Government grants were drawn

The Municipality is requesting from the very beginning to continue the old system as the Municipality is not in a position to meet the entire cost. As the matter was under correspondence about these grants for 46-7 and 47-8, the bill for the grant for the year 48-49 was not submitted by this office. But the fixed quota of Rs 4,978/- for the year 48-49 was given credit on 3-12-48

Under the above circumstances, I request that the Government may kindly be moved to continue the present system considering the meagre resources of the Municipality.
